

Continuing Professional Development Policy

Overview

This document is issued by More4Life Financial Services Pty Ltd (ABN 68126525737, AFSL 316809) to assist advisers who are authorised by this licensee to:

1. Understand our continuing professional development (CPD) approach and policy
2. Explain how we define CPD plans
3. Outline how we monitor the implementation of CPD plans
4. Outline how we assess and approve activities, and attribute CPD hours to them
5. Understand their obligations and the opportunities regarding CPD

What is our CPD approach?

Continuing Professional Development is important for advisers to maintain the currency of their qualifications and keep up-to-date with relevant industry developments, as well as develop new knowledge and skills that are relevant to their practice as a financial adviser and, where relevant, practice owner.

However, it is also an avenue to enhance the professional and personal capabilities of an adviser beyond the minimum requirements.

Our CPD plans are designed to meet the minimum regulatory requirements as defined by FASEA and enable the tracking of learning beyond the minimum to ensure the complete picture is both trackable and visible.

The learning and training options made available to our advisers will enable them to meet those obligations and also provide opportunity to enhance their professional and personal capabilities through a variety of means.

What are your obligations?

All advisers must meet the requirements for continuing professional development set by the Financial Advice Standards and Ethics Authority (FASEA). Additionally, it is an obligation under the FASEA Code of Ethics that advisers *“must develop, maintain and apply a high level of relevant knowledge and skills.”*

Under the TASA Code of Conduct, advisers are required to maintain the knowledge and skills relevant to the tax (financial) advice services they provide. As such, we expect all advisers to comply with the Tax Practitioners Board (TPB) continuing professional education (CPE) requirements, regardless of whether they are registered as a tax (financial) adviser or conducting advice services under an approved supervisory model.

Our CPD plans are designed to cater for the minimum requirements set by FASEA and the TPB for tax (financial) advisers.

In addition, advisers must meet the requirements as defined by the professional association with whom they hold membership. To ensure they meet the requirements for their particular membership category, advisers should contact the relevant professional association directly.

As an authorised representative of More4Life Financial Services Pty Ltd, we expect advisers to seek learning opportunities to meet their CPD obligations in a way that develops their competence in the financial advice services they are authorised to provide and enhances their professional and personal capabilities.

What are our CPD requirements?

The defined CPD year adopted for More4Life Financial Services Pty Ltd is 1 July 2018 to 30 June 2019.

The below CPD obligations, as defined by the FASEA Standards for existing advisers, are effective from 1 January 2019. As such, the CPD plans for the year 1 July 2018 to 30 June 2019 have been amended to comply with the legislative requirements. Please refer to the Appendices for details of the new CPD plans and the changes for the existing CPD plans.

Minimum CPD Hours

The CPD requirements defined by FASEA for advisers apply regardless of the level of authorisation. Therefore, the minimum total number of hours per CPD year (annual) for each role type is as detailed below.

The minimum total hours must be met with qualifying CPD activities. Any activity that is determined to be non-qualifying cannot be counted towards the CPD plan targets.

| Role Type | FASEA CPD Minimum | TPB CPE Minimum |
|--------------------------------|-------------------|--|
| Financial Adviser | 40 CPD hours | 20 TASA CPE hours |
| Accountant's Full Authority | 40 CPD hours | 20 TASA CPE hours <u>or</u> N/A if a Tax Agent |
| Accountant's Limited Authority | 40 CPD hours | 20 TASA CPE hours <u>or</u> N/A if a Tax Agent |

Notes:

TPB CPE: TASA CPE hours may be accrued alongside financial planning CPD hours. Most learning completed that has a financial planning focus meets both FASEA CPD and TPB CPE requirements. Advisers who are registered tax agents must comply with the TPB CPE requirements as a tax agent and will therefore not be allocated TASA hours in their CPD plan as there are differing CPE requirements for that registration type and this must be managed separately by the individual.

Part-time Work: Advisers who work part time in any CPD year can apply in writing to James Walker-Powell for a reduction in the minimum total CPD hours (to 36 hours) to be completed. It is each advisers' responsibility to obtain this approval within a reasonable timeframe of making a change in their working hours. Retrospective applications will not be considered.

Minimum CPD Area Targets

All CPD plans must meet the minimum hours per year in the specific knowledge areas as identified below.

| CPD Area | Description | Minimum |
|---|---|---------|
| Technical competence | The activity is designed to enhance participants' technical proficiency and ability to develop and provide advice strategies that are appropriate to the objectives, financial situations and needs of different classes of retail clients. | 5 hours |
| Client care and practice | The activity is designed to enhance participants' ability to act as a client-centric practitioner in advising retail clients. | 5 hours |
| Regulatory compliance and consumer protection | The activity is designed to enhance participants' understanding of applicable legal obligations and how to comply with them. | 5 hours |
| Professionalism and ethics | The activity is designed to enhance participants' capacity to act as an ethical professional. | 9 hours |

| CPD Area | Description | Minimum |
|----------|--|------------|
| General | The activity is designed to maintain and extend participants' professional capabilities, knowledge and skills, including keeping up to date with regulatory, technical and other relevant developments, but is not in an area referred to in another item of this table. | No minimum |

An activity can count towards multiple CPD areas, as long as there is no double counting of hours. For example, where an activity that is eligible for 1 CPD hour meets the requirements for both the Technical Competence and Regulatory Compliance CPD areas, the total CPD counted will be 1 CPD hour allocated as 0.5 CPD hour Technical Competence and 0.5 CPD hour Regulatory Compliance.

What about new advisers?

Newly appointed authorised representatives

For newly appointed authorised representatives who are not participating in a Professional Year (PY) Program, CPD plans will be assigned based on their authorisation date with us and the current CPD year in progress, with any relevant CPD completed with the previous licensee that aligns to our CPD year taken into account. This will ensure the required annual minimums will be met for both FASEA and TPB purposes.

Factors that will be considered are:

- the accuracy and completeness of the records;
- the information in the records and supporting evidence, or in the advisers' previous licensee's CPD policy, about how each activity was approved and accredited; and,
- each activity's compliance as a qualifying CPD activity and with our CPD policy.

Provisional advisers completing a PY program

Provisional advisers are not required to meet CPD obligations while undertaking a PY Program. Where an adviser completes their PY Program during a CPD Year, they will be provided with a CPD plan on a pro-rata basis based on the completion date of the program. As the plan start date will be post-completion of the program, any activities completed during the program will not be eligible for meeting the CPD plan requirements in that CPD year.

What are qualifying and approved CPD activities?

In order to be counted towards a CPD plan, an activity must meet the following requirements to be considered a qualifying CPD activity and at least 70% of those activities must be approved by the licensee.

Requirements for CPD activities to qualify for approval

An activity is a **qualifying CPD activity** if it meets one of the two following circumstances:

- If the activity meets all of the following requirements:
 - the activity aligns to one or more of the CPD areas in the table above;
 - the activity has sufficient intellectual and/or practical content;
 - the activity primarily deals with matters related to the provision of financial product advice, financial advice services and financial advice business;

- the activity is led or conducted by one or more persons who are appropriate, and have sufficient standing, expertise, academic qualifications and/or practical experience (*This requirement is not applicable to an activity that consists of professional or technical reading*); and,
- the activity is designed to enhance the adviser's knowledge and skills in areas that are relevant to the provision of financial product advice and financial advice services.

OR

- B. If the activity is formal relevant education provided by an education provider, which may include any of the following:
- formal relevant education provided by a registered education provider; or,
 - education or training provided or approved by a professional association (*Note: CPD accreditation does not indicate approval by the association*); or,
 - formal education or training towards qualifications or designations relevant to practice as an adviser.

Requirements for CPD activities to be approved by the licensee

It is the licensee's responsibility to ensure that any CPD recognised for completion of a CPD plan meets both the FASEA requirements and their own approval criteria that is aligned to the requirements identified in the FASEA CPD Policy Statement. As licensee, you must define what criteria you will use to assess, approve and attribute hours.

In addition to meeting the requirements to be a qualifying CPD activity, an activity must meet one of the following requirements to be considered by More4Life Financial Services Pty Ltd as a **licensee-approved activity**:

- the activity is accredited by James Walker-Powell; or,
- the activity is professional or technical reading that has been recorded in the licensee's reading journal template and approved by James Walker-Powell; or,
- the activity is accredited post-1 January 2019 by an approved professional association (Association of Financial Advisers) as meeting the criteria of a FASEA qualifying CPD activity and the association's CPD policy.

Types of CPD activities that are generally suitable for approval

The types of approved CPD activities that More4Life Financial Services Pty Ltd authorised advisers may complete during a CPD year to achieve development and/or improvement in competence include, but are not limited to, the following:

- Licensee Professional Development (PD) Days
- Licensee conferences, workshops or roadshows
- Licensee webinars or online learning modules
- Formal education provided by a registered education provider that has been approved by FASEA
- Formal education by a registered education provider or non-formal education by an approved training provider for accreditation in complex advice areas (e.g. SMSF, Aged Care)
- Education or training provided or approved by professional associations, such as conferences, seminars and webinars
- Online modules that have been accredited by an approved professional association or approved by the licensee (it is the licensee's responsibility to ensure all CPD meets the qualifying CPD activity criteria and then at least 70% must be approved by the licensee as meeting their approval criteria)
- Workshops, roadshows or webinars conducted by an approved training provider
- Workshops, roadshows or webinars conducted by an approved product/platform provider

The activities listed above that are organised and/or delivered by More4Life Financial Services Pty Ltd (i.e. **internal learning activities**) will be designed to meet the requirements of this CPD policy.

The activities listed above that are organised and/or delivered by other parties (i.e. **external learning activities**) must be submitted to James Walker-Powell for review to determine if they meet the requirements of this CPD policy. The process steps are outlined in the next section.

CPD activities that are delivered as online learning modules are considered to meet the requirements of this CPD policy and can therefore be considered to be licensee approved. They do not need separate or individual approval prior to completion.

Advisers who themselves lead or conduct qualifying CPD activities may count the number of hours spent in preparation and first delivery of the activity (up to 4 hours) towards meeting their CPD requirements if the activity is approved and accredited by the licensee. The process steps are the same as those for external learning activities, which are outlined in the next section.

Should an adviser wish to have any other type of CPD activity approved for their CPD plan, they should contact the James Walker-Powell to discuss the activity or complete the approval process steps outlined in the next section.

Capped activities

Additionally, certain types of approved CPD activities have maximums (i.e. caps) that can be applied in a single CPD year.

| Learning Type | Maximum Allowable | Notes |
|-----------------------------------|-------------------|---|
| Professional or Technical Reading | 4 hours | This activity is considered non-accredited CPD. |
| Formal Relevant Education | 30 hours | As the minimum hours for each CPD Area must be met, it is likely that less than 30 hours will be recognisable in a single CPD year. |

For example, if an adviser completes a Graduate Diploma subject or a FASEA bridging course with a higher education provider, such as a university or Kaplan Education, the subject may receive 30 CPD hours. The CPD for this subject is recognised in the CPD year of the course completion date; not spread across CPD years. The CPD recognised in the CPD plan is 15 hours Technical Competence and 15 hours Client Care and Practice. This means that the remaining minimums in the CPD plan are 5 hours Regulatory Compliance and Consumer Protection and 9 hours Professionalism and Ethics, so 14 hours in total.

What is the approval process?

Advisers are expected to collect and maintain evidence of their **external learning activities** (i.e. those activities not organised and/or delivered by More4Life Financial Services Pty Ltd) that are to be reviewed for CPD purposes.

This is not required for **internal learning activities** (i.e. More4Life Financial Services Pty Ltd organised and/or delivered), as we will action the requirements for these activities prior to their approval. They will be reviewed and approved using the same guidelines and evidence requirements.

Submission and evidence requirements

All **external learning activities** that are to be reviewed for CPD purposes must be submitted to James Walker-Powell via james@mlfs.com.au and must include the following information from the education, training or activity provider.

- confirmation/evidence of attendance or completion;
- activity date or course completion date;
- details of the type of activity and length of time in hours;
- confirmation that the activity was a qualifying CPD activity;

- CPD accreditation details from an approved professional association (where available) showing FASEA CPD areas and either professional association areas (e.g. FPA Professional Dimensions) or RG 146 areas; and,
- evidence of the outcomes achieved.

Where the provider did not have the CPD activity accredited by an approved professional association, all learning materials, biographies of facilitators/writers/presenters, agenda or lesson plan, evaluation and assessment information or records (where applicable) must also be submitted.

Approval process

For each **external learning activity** submitted, we will use the FPA CPD policy and accreditation guidelines to assess, approve and attribute hours. This means we will review the evidence submitted to determine if the CPD activity meets the requirements of a qualifying CPD activity and licensee approval (as noted in the section above), as well as the requirements defined in the FPA CPD Policy, FPA Guide to Accrediting Professional Reading Material and the Guide for FPA Accredited CPD Assessors.

In assessing a CPD activity and attributing CPD hours, we will consider the following:

- expertise of the provider (persons and/or entities) delivering the learning, such as accreditation, professional standing, practical expertise and academic qualifications (*are they appropriate to deliver the CPD activity?*);
- target audience for the learning (e.g. *financial planner, senior financial planner, insurance adviser, accountant AR, specialist adviser*);
- level of learning provided (*is it appropriate for the target audience?*);
- quality and scope of technical and/or practical content (*does it contain sufficient intellectual and/or practical content?*);
- structure and method of learning (*is the activity structured in a logical and meaningful way for an adult audience? Does the method of delivery support the learning to be provided?*);
- amount of time spent completing the activity (*total time in hours*);
- stated learning outcomes (*what is the learner going to be able to demonstrate in terms of knowledge, skills or values after completing the activity?*);
- approach for verification of learning outcomes achieved, such as evaluation, polling questions, quizzes and/or assessments (*is it sufficient to evidence the outcomes achieved?*);
- relevance of content to the provision of financial product advice, financial advice services and/or financial advice business.

CPD hours will be attributed based on the estimated time taken to complete all components of the CPD activity (such as watching a presentation or video, reading provided materials etc), including any assessment (estimated using 2.5 minutes per question to read and respond), but excluding any evaluation of the CPD activity. Where an activity is part of a defined event agenda, the agenda will be used to determine the time attributable.

Where an activity has been approved, it will be recorded in the adviser's CPD records on file and against the adviser's CPD plan. Where an activity has been declined, we will provide reasons.

Record keeping

1. Advisers must provide all CPD records (including CPD activity completions and supporting evidence) to us as the adviser's licensee after completing the CPD activity. We will make and maintain all CPD records for More4Life Financial Services Pty Ltd advisers on their behalf through internal systems, as managed by James Walker-Powell. We will retain these records for a minimum of seven (7) years from the end of the relevant CPD year.

Should an adviser wish to create a report of their CPD history, various reports can be prepared. However, if an adviser wishes to make a copy of their CPD records if moving to another licensee, they will need to speak with James Walker-Powell to ensure they understand the process involved and any record compatibility requirements.

Progress and consequences

We will monitor the implementation of CPD plans for all More4Life Financial Services Pty Ltd advisers and check ongoing compliance with this policy and the regulatory requirements as defined by the FASEA CPD Standard.

Ongoing compliance

Ongoing compliance with this policy and the regulatory requirements as defined by the FASEA CPD Standard will be checked by the licensee at one or more of the following check points throughout each CPD year.

- For **licensee** obligations:
 - Onboarding for newly authorised advisers
 - Program completion for PY program participants
 - Quarterly reporting review
 - Annual reporting review
 - CPD plan creation or rollover for a new CPD year
- For **adviser** obligations:
 - Approval of completed CPD activities
 - Quarterly reporting review
 - Annual reporting review
 - CPD plan creation or rollover for a new CPD year

Progress requirements and reporting

We will provide advisers with individual quarterly progress reports showing their progress to date based on their CPD plan.

Advisers will be required to show progress towards the annual target at the mid-year point, where 50% of the total hour target for their individual CPD plan must be met (not the CPD area targets and not the TASA CPE target).

In the final quarter, we will run reports and communicate progress weekly leading up to 1 June to ensure everyone is able to meet their CPD plan by the due date. From 1 June, follow-up will occur bi-weekly or as required.

Advisers will then have until the end of the CPD year to meet all CPD requirements – i.e. the remaining total hours target, the CPD area targets and the TASA CPE hour target.

Half-year process and consequences for non-compliance

In January each year, we will run a half-year report as at 31 December on each adviser's individual CPD plan. Any adviser that has not met their half-year CPD plan requirements will be included in a report to James Walker-Powell for a determination. They may make a determination to withhold revenue from and/or suspend the relevant adviser until the CPD requirements are met. Any impacted adviser will be notified in writing of the outcome.

ASIC notification for failed completion

From 15 November 2019, if an adviser does not complete their CPD plan in full by the last day of their CPD year (i.e. 30 June), including the total hours and the minimum knowledge area targets, we are required to notify ASIC of this non-compliance after the conclusion of the CPD year (i.e. July).

Full-year process and consequences for non-compliance

In July each year, we will run a full-year (i.e. year-end) report as at 30 June on each adviser's individual CPD plan. Any adviser that has not met all CPD plan requirements will be notified in writing of the identified gaps and that they have thirty (30) days to complete their outstanding CPD. These CPD gaps will be set-up as a stand-alone CPD plan with a due date of 31 July.

If the relevant adviser has not completed their outstanding CPD requirements by 31 July, the matter will be escalated to James Walker-Powell for a determination. They may make a determination to withhold revenue from and/or suspend the relevant adviser until such time the CPD requirements are met, or terminate the relevant adviser.

Can I suspend my CPD plan?

The TPB and FASEA have a policy whereby an adviser affected by extenuating circumstances can apply for a suspension of their CPD requirements.

We allow the suspension of a CPD plan under certain circumstances to support you in managing your health or the health of others in your family, which also complies with the requirements as defined by FASEA. A suspension of CPD requirements for a specified period of time will be considered on a case-by-case basis and only granted under the following circumstances:

- Maternity or parental leave needs;
- Loss of a family member;
- Serious illness or incapacity of you or a family member.

Application for suspension of CPD cannot be sought due to age, workload or other personal circumstances such as holidays.

Should you wish to apply for a suspension of CPD requirements, please discuss this with James Walker-Powell and contact James Walker-Powell for an application. The completed form should be forwarded, together with any supporting documentation (e.g. doctor's certificates), to james@mlfs.com.au.

What if I take an extended break?

This section applies if you have not been practising or authorised for an extended period of time.

If you have not been practising or take extended leave for a period of **up to 2 years**, there are no additional CPD obligations you need to meet prior to resuming practice or being re-authorised. However, you will be required to complete any mandatory learning modules and other learning that is required to ensure you are up-to-date with any regulatory or licensee changes that occurred during that period. Your learning plan will be defined by us and must be completed within the specified timeframe as a condition of re-commencement (if you maintained authorisation during that period) or re-authorisation (if your authorisation was ceased during that period).

If you have not been practising or take extended leave for a period of **more than 2 years**, there are CPD and learning obligations you need to meet prior to resuming practice or being re-authorised. We will work with you to determine a suitable learning plan covering your CPD plan (which may include additional CPD for your first year after re-authorisation), and any mandatory learning modules and other learning that is required to ensure you are up-to-date with any regulatory or licensee changes that occurred during your period of leave. Your learning plan must be completed within the specified timeframe as a condition of re-commencement (if you maintained authorisation during that period) or re-authorisation (if your authorisation was ceased during that period).

Queries & further information

Should you require assistance in tracking your obligations under your professional association membership, please contact James Walker-Powell to discuss your options.

Additional queries should be directed to James Walker-Powell via email to james@mlfs.com.au.

Appendix 1: CPD Plans from 1 July 2020

Each adviser will be assigned a CPD plan relevant to their authorised advice areas.

Each CPD plan will have a number of hours that remain untargeted to a specific knowledge area, so they can be used to support additional coverage for specialist or complex areas, or areas requiring improvement.

To meet both FASEA CPD Areas and coverage of all required knowledge areas to build and maintain competence for authorised advice areas, the following approach will be implemented:

- **Fixed Allocation** – These areas will have fixed hourly allocations to ensure coverage within completed CPD activities.
- **Flexible Allocation** – If possible, these areas will have a flexible allocation based on the minimum hours for the FASEA CPD Area to enable the adviser to choose which knowledge area to complete CPD activities.
- **No Allocation** – There is a FASEA CPD area called ‘General’ which will have no minimum and so does not appear in the tables below.

CPD Plans – Core

For advisers that are not authorised in any specialist advice areas, the CPD plans based on authorisation type are as follows:

| FASEA CPD Area | Knowledge Areas | AR CPD Plan |
|---|---|---|
| Technical competence – core areas | <ul style="list-style-type: none"> • Financial Planning • Superannuation • Managed Investments • Fixed Interest • Deposit Products • Life Insurance • Estate Planning • Social Security & Aged Care • Personal Taxation Issues | 5 hours (Fixed allocation across areas) |
| Client care and practice | <ul style="list-style-type: none"> • Skills • Personal Skills Development • Practice Management | 5 hours (Flexible allocation across areas) |
| Regulatory compliance and consumer protection | <ul style="list-style-type: none"> • Generic Knowledge • Content from Technical Competence that is a Structured Compliance module | 5 hours (Flexible allocation across areas) |
| Professionalism and ethics | <ul style="list-style-type: none"> • Ethics | 9 hours (Fixed allocation) |
| | Targeted Hours Total | 24 hours |
| | <i>Untargeted Hours Total</i> | <i>16 hours</i> |
| | CPD Hours Total | 40 hours |

| FASEA CPD Area | Knowledge Areas | AR CPD Plan |
|----------------|----------------------|---------------------------------------|
| | TASA CPE Hours Total | 20 Hours for Tax (Financial) Advisers |

CPD Plans – Specialist

For advisers that are authorised in one or more specialist advice areas, the CPD plans based on authorisation type are as follows:

| FASEA CPD Area | Knowledge Areas | AR CPD Plan | Accountant AR CPD Plan |
|---|---|---|--|
| CORE REQUIREMENTS | | | |
| Technical competence – core areas | <ul style="list-style-type: none"> Financial Planning * Superannuation * Managed Investments Fixed Interest Deposit Products Life Insurance Estate Planning * Social Security & Aged Care Personal Taxation Issues * | 5 hours (Fixed allocation across areas) | 5 hours (* Fixed allocation across these areas) |
| Client care and practice | <ul style="list-style-type: none"> Skills Personal Skills Development Practice Management | 5 hours (Flexible allocation across areas) | 5 hours (Flexible allocation across areas) |
| Regulatory compliance and consumer protection | <ul style="list-style-type: none"> Generic Knowledge Content from Technical Competence that is a Structured Compliance module | 5 hours (Flexible allocation across areas) | 5 hours (Flexible allocation across areas) |
| Professionalism and ethics | <ul style="list-style-type: none"> Ethics | 9 hours (Fixed allocation) | 9 hours (Fixed allocation) |
| | Targeted Hours Total | 24 hours | 24 hours |
| | <i>Untargeted Hours Sub-Total</i> | <i>16 hours</i> | <i>16 hours</i> |
| | CPD Hours Sub-Total | 40 hours | 40 hours |
| SPECIALIST REQUIREMENTS | | | |
| Technical competence – specialist areas | <ul style="list-style-type: none"> SMSF Securities Derivatives Margin Lending | 1 hour per area authorised | 1 hour for SMSF |
| | Targeted Hours Total | 28 hours | 25 hours |
| | <i>Potential Untargeted Hours Total (Assuming all specialist areas held)</i> | <i>12 hours</i> | <i>15 hours</i> |
| | CPD Hours Total | 40 hours | 40 hours |
| | TASA CPE Hours Total | 20 Hours for Tax (Financial) Advisers | 20 Hours for Tax (Financial) Advisers or N/A for Tax Agents |

Appendix 2: CPD Plans for FY19 and FY20

The CPD obligations, as defined by the FASEA Standards for existing advisers, are effective from 1 January 2019 without exception.

Transition requirements

The following changes apply for the CPD Plans that were originally for the FY19 period (1 July 2018 to 30 June 2019):

- CPD plans for the year 1 July 2018 to 30 June 2019 will be closed as at 31 December 2018.
- New CPD plans will commence from 1 January 2019 and conclude 30 June 2020 with a total of 60 hours that must be completed in proportion across 3 periods of 6-months each.
- Any incomplete CPD from the FY19 CPD plan for the period to 31 December 2018 will be added to the total that must be completed by 30 June 2019 up to a total of 30 hours for FY19.

Learning activities submitted since 1 January 2019, will be reviewed to determine whether it meets the FASEA and licensee-approval requirements and will then be updated accordingly with the outcome communicated back to the requestor – this is to ensure advisers meet the minimum requirements of all CPD meeting the qualifying CPD activity criteria and at least 70% meeting the licensee approved criteria.

Progress requirements and reporting

The target requirements for this CPD Year from 1 January 2019 to 30 June 2020 can be shown as follows.

| Timeframe within CPD Year | CPD Target Per Period | TASA CPE Target Per Period |
|--|------------------------------|----------------------------|
| Period 1 – 1 January 2019 to 30 June 2019 | 20 hours ^ (33% Total) | N/A (no part-year target) |
| Period 2 – 1 July 2019 to 31 December 2019 | 20 hours (66% Total) | N/A (no part-year target) |
| Period 3 – 1 January 2020 to 30 June 2020 | 20 hours (100% Total) | N/A (no part-year target) |
| Total Hours for CPD Year | 60 hours (100% Total) | 20 hours (100%) |

^ Where you have an individual determination for the period from 1 January to 30 June 2019, this must be met by 30 June 2019.

Progress requirements, reporting and consequences for non-compliance for this CPD plan will be conducted in the same manner as noted in the section above titled **Progress and consequences**, with Periods 1 and 2 being similar to the half-year requirements.

New CPD Plans

The new CPD Plans for the period of 1 January 2019 to 30 June 2020 will be defined as follows.

Each adviser will be assigned a CPD plan relevant to their authorised advice areas. Each CPD plan will have a number of hours that remain untargeted to a specific knowledge area, so they can be used to support additional coverage for specialist or complex areas, or areas requiring improvement.

| FASEA CPD Area | Knowledge Areas | AR CPD Plan | Accountant AR CPD Plan |
|---|---|--|---|
| CORE REQUIREMENTS | | | |
| Technical competence – core areas | <ul style="list-style-type: none"> Financial Planning * Superannuation * Managed Investments Fixed Interest Deposit Products Life Insurance Estate Planning * Social Security & Aged Care Personal Taxation Issues * | 7.5 hours (Fixed allocation across all areas) | 7.5 hours (* Fixed allocation across specific areas) |
| Client care and practice | <ul style="list-style-type: none"> Skills Personal Skills Development Practice Management | 7.5 hours (Flexible allocation across areas) | 7.5 hours (Flexible allocation across areas) |
| Regulatory compliance and consumer protection | <ul style="list-style-type: none"> Generic Knowledge Content from Technical Competence that is a Structured Compliance module | 7.5 hours (Flexible allocation across areas) | 7.5 hours (Flexible allocation across areas) |
| Professionalism and ethics | <ul style="list-style-type: none"> Ethics | 13.5 hours (Fixed allocation) | 13.5 hours (Fixed allocation) |
| | Total Targeted Hours | 36 hours | 36 hours |
| | <i>Sub-total Untargeted Hours</i> | <i>24 hours</i> | <i>24 hours</i> |
| | CPD Hours Sub-Total | 60 hours | 60 hours |
| SPECIALIST REQUIREMENTS | | | |
| Technical competence – specialist areas | <ul style="list-style-type: none"> SMSF Securities Derivatives Margin Lending | 1 hour per area authorised | 1 hour for SMSF |
| | <i>Potential Untargeted Hours (Assuming all specialist areas held)</i> | <i>19 hours</i> | <i>23 hours</i> |
| | CPD Hours Total | 60 hours | 60 hours |
| | TASA CPE Hours Total | 20 Hours for Tax (Financial) Advisers | 20 Hours for Tax (Financial) Advisers or N/A for Tax Agents |
